

**ALWAYS “FIXED FORMULA”  
FOR CONSISTENT  
QUALITY, PERFORMANCE AND SAFETY**

**SHOW HINTS AND TIPS**

**10 Steps to Success**

- 1) Use common sense when caring for your animal.
- 2) Always have fresh and clean water available for your animal.
- 3) Feed your animal a complete ration.
- 4) Provide a pen with shade from the sun, protection from the wind, safe fencing from predators and clean dry bedding to lie down in.
- 5) Worm animals once per month.
- 6) If you experience problems contact breeder or veterinarian.
- 7) Exercise is important, select the proper time of day and make it prior to feeding.
- 8) Practice showmanship and control of animal for at least one month prior to the fair.
- 9) Proper grooming techniques depending on animal. Contact local breeders, Ag Instructors and 4H leaders for their suggestions and expertise.
- 10) If you will be selling your animal at the fair you should line up potential buyers previous to the sale. This is a good way for your to develop communication and salesmanship skills.
