

ALWAYS “FIXED FORMULA” FOR CONSISTENT QUALITY, PERFORMANCE AND SAFETY

SHOW TERMS

Beef:

- Fitting – grooming for show
- Blocking chute – metal stantion used as the “barber’s chair”. Cattle can walk in and rest with their heads tied in show position while being groomed.
- Blower – high speed hair dryer
- Clippers – to cut hair, of course! Large clippers are for preliminary work and the small clippers are for the finishing touches.
- Adhesive – the maximum strength hair spray used on cattle. This glue comes in several strengths for different areas of the body.
- Show stick – used to position and calm the animal.

Terms Used with Show Swine:

- Gilt – a female that has not yet had a litter of piglets
 - Sow – a female that has had a litter of piglets
 - Shoat - a teenage pig.
 - Barrow – a castrated male
 - Boar – a fully intact male, able to breed
 - Piglet – young swine not yet weaned
 - Pig – any swine 125lbs and under
 - Hog – any swine over 125lbs
 - Drive – you will hear the phrase “on the drive”, this means walking or on the move
- Terms Used with Show Swine:
