FEEDING DIRECTIONS

Avoid abrupt changes in feeding program. Gradually change feeds over a 7-day period.

King Sweet & Sassy can be fed in a range from 0.5-1.0 lbs per 100 lbs of body weight.

Feed King Sweet & Sassy in combination with good quality forage. Feed at least 1 lb of hay per 100 lbs body wt. For growth or high activity, feed at least 50% of hay as alfalfa.

Store feed in a cool, dry area. Never feed moldy or insect-infested feed.

CAUTION: Sweet & Sassy should provide the sole source of supplemental copper when feeding to copper-sensitive species (sheep). Consult your veterinarian if necessary.

CAUTION: Feed as a sole source of Selenium (0.30 PPM)
