FEEDING DIRECTIONS

1. Feed LifeLong Combo as the sole diet for Cavies (Guinea Pigs) and Chinchillas.
2. Offer LifeLong Combo to rabbit kits not later than 1 week before weaning. Feed LifeLong Combo free-choice to weanlings & lactating does. Feed as required to other mature rabbits.
3. After 9 weeks of age, either stay on Combo or transition to Cloverleaf Complete or LifeLong Natural. Lifelong Natural is for "show" or "pet" rabbits: it is not recommended for reproduction or lactation.
4. For Cavies, Chinchillas and mature rabbits: a small portion of mixed or grass hay (limit to 10% of total diet) may be fed to alleviate boredom. Keep fresh water available at all times.
5. Never feed moldy or insect/rodent infested feed.
